

Career Institute of Technology

has partnered with TFC Tuition Financing
to provide our students with
customized tuition payment plans

Providing an affordable way for you to get the education you need for the future you deserve

As you look to invest in your education, one option is a tuition plan agreement, a Retail Installment Contract which is a transaction between you and the school to pay over time for the value of tuition plus interest. Once you decide on a payment plan with us, TFC will be servicing the agreement and collecting your tuition payments.

This is an important opportunity for our students to establish or strengthen their credit. Good credit plays an important role in your financial life. Not only is it essential for obvious things like qualifying for a loan or getting a credit card, but also for less obvious things like getting cell phone service, renting a car, and perhaps even getting a job. Agreement amounts may appear on your credit, and monthly payments may be reported to all three credit bureaus, so making timely payments is important. In certain cases, credit checks may be run with your consent and co-signers may be required prior to approval. Working with TFC will help to build your credit - it is never too early or too late to improve your credit score!

Once you've signed your contract with the school, you'll receive a welcome call with your TFC account number and the TFC representative will review the terms of your payment plan. You'll also receive a coupon book in the mail unless you have chosen to participate in the automatic payment option.

TFC offers multiple payment options:

Online: www.tfcstudentinfo.com

By mail: TFC Tuition Financing, PO Box 579, San Ramon, CA 94583-0579

By phone: 800.872.9832

Or sign up for automatic payments with your bank account or credit/debit card

After you've received your TFC account number, you have the ability to create a TFC account online at www.tfcstudentinfo.com where you can view your account status, payment history and payoff amount. You can also update your contact information, manage automatic payments, and view tax information. TFC will send email reminders five days prior to your payment due date and you can opt-in to text message reminders as well.

TFC has a dedicated toll free customer service line for questions, with in-house bilingual representatives ready to assist you. Extended operating hours are M-Th: 6am to 8pm, Fri: 6am to 5pm and Sat: 6am to 2:30pm, all PT.

CIT and TFC look forward to working with you.
